Pathways to Excellence

Newsletter 11/2018

28 June 2018

Nga Mihi nui ki a koutou/Greetings to you all.

Another busy term is coming to an end. It has been fantastic seeing the wonderful learning taking place across the syndicates thanks to our dedicated teachers and support staff along with numerous parent helpers. We are so lucky to have such a supportive school community.

On Tuesday we were privileged to have a performance from the Minstrel. The children were highly entertained by this humorous and educational show on how best to enjoy, manage and protect our marine environment. A big thank you to our PTA for funding this show.

On Monday evening Pam Crooks and I attended a Whangarei Group Calf Club meeting. The main topic of the night was the Mycoplasma Bovis virus and how it will effect school Calf Clubs. The A&P Society and the Central Day events have said they will **not** be having calves this year due to the biosecurity risk.

We realise that Ag day is a highlight of the school year and a very proud tradition at Glenbervie School, however in this heightened time of biosecurity risk, the likelihood of M. Bovis being spread from animal to animal must be considered. While we will still be holding Agricultural Day this year, it may look slightly different to what we have held previously. The BOT will meet to discuss how this will affect our event and I encourage you to 'watch this space' next week for our decision and more information regarding Ag Day 2018.

Reports will be going home today. This is a progress report and as such some areas of the curriculum may not have yet been covered. As my time as Acting Principal comes to an end I would like to extend my thanks to Maryanne Dykzeul who has been teaching in Room 3 and a special mention needs to go to Wilma & Julie in the office, who always keep things running smoothly.
